Getting Your Child to Listen Without Yelling

Nuts/Bolts Parenting Workshop: Sunday, Sept 25th

Times: 11-12:30 (For Parents of Kids Ages 2-6) & 1-2:30 (For Parents of Kids Ages 7-12)

Fee: \$30 per adult and \$50 per couple if you pay in advance. \$40 per adult if you pay onsite.

Babysitting Included: While you attend the workshop, trained advanced college counselors will supervise your children watching a movie across the hall in our offices.

RSVP & Pay: Space is limited to only 30 adults per session. Call 646-450-6210 or [Online](#)

When children don't listen, how do you stay calm and not lose your temper? How do you know which strategies to use? Based on years of experience and the latest research, Dr. Rosenthal teaches parents specific and concrete skills and scripts that really work. **Warning! This is not a boring, passive lecture. This workshop will be fun and engaging and may cause serious improvements in your parenting skills!**

After attending this workshop, parents will know how to:

1. Recognize the function of different behaviors and respond accordingly
2. Recognize and respond to minor vs. major misbehaviors appropriately
3. Enhance the parent-child relationship via specialized play skills
4. Create routine and behavior charts for repetitive and difficult behaviors
5. Give indirect and direct commands with appropriate follow-through
6. Give an effective time-out (ages 2-6) or loss of privilege (ages 7+)

Presenter

Dr. Joshua Rosenthal is a NY & NJ licensed clinical psychologist specializing in the treatment of children, adolescents and adults. He is the Director of Child and Adolescent Treatment at Manhattan Psychology Group and the founder of Big Apple Day Program, the only social skills summer treatment camp in Manhattan. Dr. Rosenthal provides CBT, PCIT, behavioral parent training and family therapy. He frequently presents and writes about ADHD, Anxiety and Autism Spectrum Disorders in children and teens.
